"A nation that continues year after year to spend more money on military defense than on programs of social uplift is approaching spiritual death."
Martin Luther King, Jr.

Wars are raging across the world while millions are going hungry. The number of Americans becoming homeless increased by 18% in 2024 up from the 11% increase in 2023. Child poverty in the US more than doubled in the last 12 months. Between as many a a dozen seniors call the Food Not Bombs Hunger Hotline each day seeking home delivery of groceries often reporting that they have not eaten in days. Volunteers are still organizing to provide relief to those suffering from the ravages of Hurricane Helene. War refugees are lining up for our meals in Europe and the Americas. As the economy grows more dire the number of people seeking support from Food Not Bombs has never been so great. Volunteers are busy providing food at labor strikes, Palestinian actions and in defense of undocumented workers. Food Not

Bombs is also celebrating our 45th Anniversary this May 24, 2025. As the Deep State controlled Trump administration and their supporters in Congress threaten to cut SNAP and other social safety nets people are finding community and hope by participating with Food Not Bombs. Please join us.

/a>
When a billion people go hungry each day, how can we spend another dollar on war? Food Not Bombs is an all-volunteer movement that recovers food that would otherwise be discarded, and shares free vegan and vegetarian meals with the hungry in over 1,000 cities in 65 countries in protest to war, poverty, and destruction of the environment. We are not a charity but dedicated to taking nonviolent direct action. Our movement has no headquarters or positions of leadership and we use the process of consensus to make decisions. We also provide food and supplies to the survivors of natural disasters, and people participating in occupations, strikes, marches and other protests. **PLEASE MAKE A DONATION TODAY**
